

Overview

ExpolSP was firstly organized in 2017. Among these years, it has become one of the most important meetings for the Colombian telecommunications and technology industry, and the benchmark meeting place for all internet service providers, in a cordial and friendly atmosphere.

The latest session was held on 26 – 28 October in Santa Marta of Colombia. Altai's local partner in the country, Kubos, a mature Colombian distributor that provides solutions in telecommunications and technology, attended the event on behalf of Altai. Kubos did not only showcase Altai's products at the event but also provided live network for the attendants to experience the superior RF performance of Altai Super WiFi solution.

Suitable for any indoor environment, a few units of Altai's IX500 dual band AP can provide high capacity and robust coverage for a large area with its unique technology. At the venue of ExpolSP, the deployment of Altai Super WiFi allowed all participants of the show to enjoy free and high-quality Wi-Fi network powered by Altai's IX500 dual-band AP.

Customer Name:

ExpolSP
Implemented by Kubos

Deployment Location:

Santa Marta, Colombia

Application:

Free Wi-Fi network for visitors

Products used:

IX500

Result:

Kubos' deployment of Altai Super WiFi at ExpolSP allowed all participants of the show to enjoy free internet access via stable and robust Wi-Fi network that was powered by Altai's IX500 dual-band AP.

The Challenge

- Large area coverage
- Large number of concurrent users

The Solution

Altai's partner in Colombia, Kubos, deployed Altai's IX500 dual-band access points at the venue of ExpoISP allowing visitors to enjoy high-speed and high-quality Wi-Fi network during their exploration of the latest telecommunications and technology development in the Colombian market.

IX500

About Altai

Altai Technologies is a leading supplier of carrier-grade Wi-Fi products and technologies with a distribution network reaching 100 countries. Altai Super WiFi is the leading solution for vertical industrial markets, covering over 200 container ports, manufacturing plants and warehouses globally.

The Altai Super WiFi Solution includes a complete portfolio of indoor and outdoor products for carriers, WISPs, and enterprises to support a wide range of applications such as mobile data off load, public access, WLAN access, and backhaul.

Utilizing patented smart antenna technology, as well as a cloud-based management system called AltaiCare, the Altai Super WiFi Solution is designed from the ground up to deliver Wi-Fi networks that have unprecedented performance, reliability, scalability, and manageability.
