

## Company Update

### Altai Enables Auto-Parking in Thailand

Altai has just completed a deployment in Thailand to enable automated parking for True Digital Park West. True Digital Park is Southeast Asia's largest tech and startup hub spanning over 230,000 sqm. The whole project is divided into East and West with the East side opened in 2019 as the first phase of the project and True Digital Park West opened in 2022 as the second phase to further promote the development of startups and innovation ecosystem in Thailand.

The park is equipped with the best quality of facilities and has adopted Altai Super WiFi solution for True Digital Park West's automated parking system. Altai's C1n and CX200 have been installed in the lift and C1an is used to establish point-to-point connection between the control room and the parking zone. Powered by Altai's stable and robust wireless network, the whole parking system can manage up to 600 cars in the parking zone simultaneously.

## Company Events

### Showcasing Altai Super WiFi in Thailand

Altai Super WiFi was invited to join the SiS Technology Showcase 2023 held in Siam Paragon Department Store of Bangkok this Apr. The event was held by Altai's distributor in Thailand, SiS Distribution PLC. The company was established in 1998 and has been listed on the Stock Exchange of Thailand since 2004. It is now an international leading IT distributor, which operates as a wholesaler in computer, software, office automation equipment and smartphone.

The SiS Technology Showcase has gathered more than 50 world-class brands of new technology and IIoT products including Moxa, Lenovo, AAEON, Samsung, and Robustel. Among them, Altai Super WiFi has gained much attention at the show with its impeccable RF performance in challenging industrial environment and proven track records.

### Altai Promotes Governance Security in Brazil

Spectra Tech, Altai's Brazilian partner specialized in public security, just hosted an event to promote public security and governance in Recife. The event has gathered more than 50 companies to discuss and exchange knowledge on governance security and Altai is honoured to be one of the invited companies. Altai's LATAM team introduced how Altai's Super WiFi solution can be flexibly combined with the latest security technologies for public sector.
